

"I can say in the past few weeks in our scouting family at 1st Toongabbie Dibbs has been a saviour and without it we don't know what we would do! Dibbs is user friendly and is simple once you realise WOW its easy. Can't fault it in any way! We even used it the other week to help us contact parents as our scouts were running late getting back from a hike! Dibbs is worth every cent and the free training either in person or online webinars are fantastic! (i have done both!). Each time I do a training session I learn something NEW! Its almost fun to do!

(Angie Gale, Chairperson, 1st Toongabbie Scout Group - NSW)

"We now have a finance system that is centrally located, that can be accessed by multiple users in real time. Dibbs provides us with an open and transparent financial system that has a history that can be interrogated quickly in a few seconds back over the years we have been users, in our case since 2011. Dibbs makes our finance system transferable and auditable for all time."

(Mark Cavanagh, Treasurer, Bardon Scout Group - QLD)

"Dibbs is the first system we've seen in scouting that allowed us to take control of the administration of our group all in one place. Its worth the effort to learn the system so that all those spreadsheets and email lists and financial administration is always up to date rather than spread around the place like a pigs breakfast."

(John Strong, Group Leader, Drummoyne Scout Group - NSW)

"Our club was having difficulty keeping an up-to-date list of members and contact details. This made it difficult to keep track of finances and communicate effectively. Since starting with Dibbs, membership details are always up-to-date and available on-line. All communications are sent to the correct people and stored in a common area. Dibbs has helped enormously in getting out fee invoices at appropriate times and tracking payments, even during the time we were temporarily without a treasurer. It was that simple."

(Greg Ayling, Kedron Scout Group - QLD)

"I must say that we are finding the Dibbs System a fantastic help with running our Group. In particular the Group emailing facility has improved the consistency and quality of our communications with our Group members. I have also been very happy to see new features rolling into the system, such as the NSW Census Report which is making my tasks a lot easier at census time."

(Keith Junius, 1st East Wahroonga Scout Group - NSW)

I have been using the finance side of things for a week and actually only got everything up to date today, I can't believe the amount of money that is coming already. I wish I was using this system years ago. Once it is set up it so effortless, Thank You.

(Andrew McLean, 1st Erskine Park - NSW)
